

DELIGHTED ARE LEXINGTONIANS OVER TREATMENT HERE

Lexington Newspaper Men Have Good Words For Maysville After Visit Here on Monday Evening.

Lexington newspapers today are filled with good things about the cities through which the Lexington party passed Monday and Tuesday on their good-fellowship tour. Both the Lexington Leader and Herald have big write-ups of their visit to Maysville.

The Lexington Leader says in part: "The motorecade was met about three miles from Maysville by a committee of prominent men and women and escorted into the city with its cordial welcome as could have been given a Governor, or a President of the United States and his party. In fact, that has been the attitude of the people at every point the Lexington bunch has stopped. Here it may have been in part intended to show the Lexington visitors the warm spot in the heart of the people of Maysville for their former townsman, Judge Kerr, but the welcome was certainly genuine and all that could have been expected."

At the meeting Monday night Mayor Russell said the citizens of Maysville took a great deal of pleasure in welcoming the Lexington crowd. He told of the days when Maysville was the port for Lexington and predicted that with the revival of river traffic and the establishment of good roads and the automobile truck in transportation it would again be Lexington's port.

The Herald says in part: "Striking features of the tour were the receptions at Cynthiana and at Maysville, the first being the occasion of 'one of the finest dinners ever served in Kentucky,' and the latter a 'turning over of the city to its guests,' eating, dancing and sight-seeing, quite unexpected in its thoroughness and never surpassed in its enjoyment."

The tourists spoke repeatedly of their reception at Maysville, where, on behalf of his townsmen, Mayor Thomas Russell presented the keys of Maysville to the Lexington visitors and then took them to the Central Hotel for dinner. The citizens turned out in a great throng for the formal welcoming ceremonies. Mr. Jones replied on behalf of the visitors. Stanley Reed, former representative of the General Assembly, also made a speech. The Boys' Band of Maysville, one of the best musical organizations in the state,

CONCERT SUITS FOR BAND TO BE ORDERED THIS WEEK

Time Is Nearing For Band Members to Get Ready For Summer Tour and White Suits Will Be Ordered.

Colonel J. Barbour Russell and Mr. A. L. Glascock, of the managing committee of the Boys' Band together with Director J. W. Young will this week go to Cincinnati where they will place orders for the new concert suits for our Boys' Band to be used on their tour through Ohio.

These suits will be of white flannel trimmed in silk braid and gold cord and will be used only for concert purposes.

That the time for the Ohio tour is very near is indicated by this letter just received explaining Mr. Carrier's absence at Sunday's concert:

Dear Mr. Russell: Mr. Carrier left word with us to let you know that he was suddenly called away Sunday morning and would have to put his visit to your city off to some other time.

He will be in several of the towns this week making arrangements for the proposed tour with your band and expects to have arrangements completed in the next few days. Very sincerely SELECT PICTURES CORPORATION.

WOMEN HAVE VERY SUCCESSFUL MEETING.

The all day meeting of the Women's Missionary Union of Broken Association held Tuesday at the Aberdeen Baptist church was a decided success in every respect. There were many in attendance and the reports from the various unions were very encouraging. Mrs. Janie Cree Rose, of Louisville, the State Secretary, gave a very interesting report of the work of the women through their unions in the Southern Baptist convention during the past year. Next year's conference will be held with the Maysville Baptist church.

Do you know the story of the "Hall of Death"? Hear Col. Smith.

He will have a concert on the public square.

Mrs. Russell, wife of the mayor, headed a committee of prominent society women in charge of the dance given Monday night at Beechwood Park for the Lexington visitors, where they danced with "the sweetest and prettiest girls in the river counties." This marked the formal opening of the park. Automobiles were placed at the disposal of the travelers by Mayor Russell and other prominent men of the city for excursions around the city during the evening.

FIRST COMPLAINTS WILL BE HEARD ON THURSDAY

City Board of Tax Supervisors Complete Preliminary Equalization of City Property.

The members of the Maysville city board of Tax Supervisors completed the preliminary equalization of the taxable property in the Sixth ward of the city, thus completing a careful investigation of every piece of real estate within the bounds of the city.

The board has increased the city's total assessment by several hundred thousand dollars and has brought the valuation of the property up to within something like near the figure they believe the property should be assessed on a basis of 80 per cent. of its actual value at the present time. In so equalizing the property they have increased a very large amount of property it is understood and through the police department they have notified those who have been increased, giving them an opportunity to appear before the board and show cause why their property should not be increased.

The first opportunity will be given the property owners to file their complaints with the board Thursday and for several days the board will hear from the property owners. The board will complete their work so as to certify their figures to City Council at its next regular meeting on the first Monday in June.

Secretary George Kirk, of the Maysville Chamber of Commerce, is calling together for this afternoon a number of local business men who have always taken an interest in the success of the Maysville Chautauqua for the purpose of outlining a campaign in which season tickets for this year's program will be sold.

Pledges made at the last Chautauqua for 240 adult tickets and 45 Junior tickets have been tabulated and those pledged will have their tickets delivered to them by committee men within the next few days. The contract with the talent bureau calls for the sale of 700 season tickets and the committee selected this afternoon will at once begin work of selling the number of tickets necessary to guarantee the financial success of this year's program.

This season's program will be one of the best Maysville people have ever had the opportunity of enjoying. HON. M. J. HENNESSEY WILL MAKE MEMORIAL ADDRESS

Well Known Bracken County Orator Will Deliver Eulogy For American Legion Sunday Afternoon.

The committee in charge of arrangements for the Memorial Day celebration to be held at Beechwood Park on Sunday afternoon, was this morning notified by Hon. M. J. Hennessey, of Augusta that he would be glad to accept their invitation to deliver the annual eulogy. This information was a great relief to the committee and will be decidedly good news to the public. Although a resident of Bracken county, Maysville has some claim to Matt Hennessey and we like to think of him as one of our own. He is recognized as one of the best orators in the whole of the state of Kentucky and is always greeted by a very large audience when he speaks in Maysville.

Besides an address by Mr. Hennessey the committee is arranging a very attractive program of music and the Boys' Band will be at their best. Every ex-serviceman and all citizens are invited to spend Sunday afternoon at Beechwood Park to do honor to the heroes of all American Wars who have passed on.

SUICIDE STORY IS PROVEN FALSE BY SPECIAL COMMISSION

Blame for Carranza's Assassination Is Placed On Herrera By Commission Report.

Mexico City, May 26.—Blame for the assassination of Venustiano Carranza, former president, was placed definitely upon Lindolfo Herrera and his followers in a report made today by the commission sent to Tlaxcalantongo by General Alvaro Obregon to investigate Carranza's death.

The commission in making its report urged a formal hearing be held to establish Herrera's motive and the responsibility of the individual members of the band as well as to determine the conduct of Carranza's cabinet members, his friends and defenders, who accompanied him in his flight.

Herrero carefully planned his coup by gaining Carranza's confidence, which he then betrayed, the commission reported.

The report returned by two men appointed from the staff of General Obregon and two representing General Gonzales, did not differ in its salient features from the story told by General Anador, one of Carranza's aides, when he returned to Mexico City with the body of his murdered chief. Herrera's men attacked the former president's hut from all sides the commission reported.

The commission was unable to explain how other occupants of the shack escaped any injury.

The report cited the conclusions of the commission in 10 sections. To this was added a second part in which General Juan Berlanga, Carranza's chief of staff, and other Carranza officials are charged with displaying bitterness against the new regime.

Colonel Ramirez, who supported Berlanga, was quoted as saying that although Herrera organized the plot to assassinate Carranza, Colonel Marquez Ceron led the attack and directed the fire against the little hut under the cover of darkness.

AMERICAN LEGION
TO SALVATION ARMY

Kentucky Department Commander Ulic Bell in Strong Letter to All Legion Members.

Ulic Bell, department commander of the American Legion, of Kentucky, in a recent endorsement of the Salvation Army, said:

"It will not be necessary for the American Legion to say to the former soldier that the Salvation Army is a good thing and deserves support. It is already well known that Johnny Luck has learned to respect the 'Sally Ann' under a stress that has tried the souls of both. Soldiers of the Salvation Army shared in common, during the late war, the same risks and dangers faced by those who now make up the American Legion. It is the hope of the State Department of the Legion that the Salvation Army will meet with great success in its work and the conviction that 129 units of the American Legion in Kentucky will stand shoulder to shoulder with the Army in all good things."

The Salvation Army's Home Service Appeal is May 10-20.

A THOROUGH TEST

Due To Convince the Most Skeptical Maysville Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Maysville residents should be convinced. The testimony is confirmed the proof complete. Testimony like this cannot be ignored. Mrs. John Burns, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since."

Nearly thirteen years later, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today as ever. I haven't needed a kidney medicine since I took them." A CHANCE FOR MEN TO BE GOOD SCOUTS.

Frequently some men are heard to say: "I wish there had been Boy Scouts when I was a boy. I'd like to have had their chance of having a real gang and doing the things they do in the outdoors."

Why cry over spilled milk? No one is too old to be a Scout. There are 15,942 men serving as Scoutmasters, and 18,694 hold commissions as Assistant Scoutmasters. For each of the 17,683 troops organized there is a committee of three men whose duty is to back up the Scoutmaster and assist the troop in every possible manner.

There is a crying need for more leaders, as there are thousands of boys waiting to get into troops. If you wish you had been a Scout, you can at least lead the boys now to be Scouts. It will do you a lot of good yet, and also do the boys a great amount of good.

There is nothing in life so full of genuine satisfaction as to be of service to and hold the wholesome admiration of 32 youngsters.

TO AID IN REGULATE FARM ORGANIZATIONS.

Senator Arthur Capper, of Kansas, has introduced a bill in the Senate to authorize association of producers of agricultural products. Under the provisions of the bill, farmers, ranchmen, dairymen or fruitgrowers would have the privilege of acting together as associations, in handling and marketing their products, to their mutual benefit. Restrictions on the new associations would be similar to the provisions of the Clayton anti-trust act. An association of producers would not be permitted to pay dividends on stock or membership capital in excess of eight per cent, and the Secretary of Agriculture would be given the power to serve complaint upon any association for practicing methods in restraint of trade. The bill relates only to organizations that handle commodities entering into interstate commerce.

SALVATION ARMY IN PRISON WORK

Adjutant James Thompson Works Army Prisoners in Reformatories at Frankfort and Eddyville.

One of the most important departments of work conducted by the Salvation Army in Kentucky is that of Adj. James Thompson among the men and women in the state penal institutions. Adj. Thompson has been in charge of the Salvation Army corps at Frankfort and in connection with his labors has worked among the inmates of the Frankfort Reformatory and the state prison at Eddyville.

Great attention has been paid to the "Brighter Day League," a national organization of men and women prisoners fostered by the Salvation Army. Each member who joins the League is given a button to wear and a certificate of membership to hang on the wall of his cell. There are more than 800 members of the Brighter Day League in the Frankfort Reformatory and about 300 in Eddyville.

Adj. Thompson conducts a Bible class contest twice a year in the two prisons, continuing from six to eight weeks. Each contestant must stand and repeat from memory many passages of Scripture. There is keen rivalry among the contestants. Every Sunday the Adjutant spends many hours inside the prison walls, as well as on week days when his services can be utilized.

A prominent feature of Adj. Thompson's work is the care of needy families of prisoners who go to Frankfort to visit their relatives inside the prison walls or who seek to see the governor on pardon matters.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. is rich in the solid meaty values of wheat and malted barley, and has a substantial amount of sugar.

This sugar is not added in making but is developed from these grains by processing and long baking.

This decreases your sugar requirements, for the average cereal needs sugar for greatest palatability. Grape-Nuts needs none.

Bear this in mind when you order your cereal and ask for Grape-Nuts.

S. A. WORKERS GO TO IT IN BIG DRIVE

Continuance of Salvation Army Drive Enables Many Couples to Make Contributions to Worthy Cause.

Hundreds of workers all over the state of Kentucky are "going to it" with a vim to raise the money required by the Salvation Army for another year of work.

For various reasons the campaign which opened May 10th suffered in many sections, but now there is a disposition on the part of workers everywhere to put the campaign over and the time has been extended to June 1st to bring about this accomplishment.

The Salvation Army is carrying on a big work in Kentucky. Among the distinguishing features are the Booth Memorial Hospital at Covington, the Susan Speed Davis Friendly Home for Women in Louisville, the Industrial Home in Louisville and general welfare work in every part of the state.

It should be remembered that out of every dollar subscribed during campaign nearly all of it remains in Kentucky. Also that the features mentioned above are for all Kentuckians who need help. No worthy person is ever turned away from a Salvation Army institution.

NIGHT RIDER CHASE IN PICTURE IS MOST THRILLING FEATURE

Beautiful and Sensational Pictures of the Night Rider Days in Old Kentucky To Be Shown.

The night riders' chase is one of the big scenes in the First National special production, "In Old Kentucky," with Anita Stewart, which will be shown at the Washington and Gem Theaters on Thursday, Friday and Saturday.

The setting of the picture is back in the old lawless days when the moonshiners defied the law and when men of the mountains still settled their differences with the gun while the men of the cities, impatient of the delays of the law, often took it into their own hands.

So were the night riders formed, men who masked and hunted the fugitives on horseback, who they held a quick trial and condemned the victim according to their views of justice.

In the story the night riders were called out to pursue a mountaineer, who had been accused of setting fire to a barn, drugging a jockey and attempting to shoot one of the first citizens.

They are informed of the trail he has taken back to his mountain home and come out in scores to capture him. Masked rider after masked rider appears at the rendezvous until all are present when they take up the chase.

They race pell mell over the mountainous country, leaping hedge and stream and gallop madly over the rough rocky roads on the edge of cliffs and ravines, or across country in small paths or no paths. It is a stirring chase by experienced riders, for a misstep would mean serious injury or even death.

Gradually they gain on the fugitive, until he is finally captured, and the preliminaries of the trial are arranged for in the darkness of the night, lighted only by torches.

But an even more daring ride is taken by Miss Stewart, who plays the part of the little mountain girl in the picture. She hears of the night riders seeking the mountaineer, who is a childhood friend of hers. She knows that he is innocent, but that the evidence is against him, and fears that he will be slain before she reaches him.

Miss Stewart follows the trail left by the night riders, outstripping the men both in daring and speed, and finally comes up to them just as they are about to execute an innocent man.

She presents the evidence of his innocence and the guilt of one of the leaders of the party. Everyone is then ordered to unmask. All do so except the guilty man. He makes a dash to escape and another chase is on. But the fugitive's horse slips and he is precipitated over a high cliff, which ends the work of the night riders in the picture.

The spectacle of this night ride is so realistic and strong, it holds tense everyone watching the picture.

GROWERS IN DARK BELT POOL CROP

Tobacco Growers of the Dark Belt Reach Agreement on Pool and Decide on Prices.

Hopkinsville, Ky., May 26.—The Tobacco Planters' Association, an organization of farmers designed to regulate the price of tobacco by pooling their crops and holding them for agreed prices, was organized Tuesday afternoon at a meeting held at Guthrie, Ky.

About 250 delegates, representing counties in the dark tobacco belt of Kentucky and Tennessee, were present. The farmers have been much dissatisfied with the greatly reduced prices which have been paid for tobacco for some time and hope to improve these conditions through their organization.

A charter was secured some days ago the capital stock being a nominal sum. Officers were elected as follows: President, J. W. Usher, Mayfield, Ky.; Vice President, W. W. Scott, Pleasant View, Tenn.; Secretary, J. W. Stovall, Adairville, Ky.; Treasurer, B. M. Traub, Pembroke, Ky.; General Manager, Felix G. Ewing, Glenraver, Tenn.

Guthrie, Ky., will be the home office. Farmers will be asked to pledge their crops for a three-year period. The tobacco will be offered in the loose state, and if prices are not satisfactory it will be prized. County organizations are to be perfected and a campaign for pledges actively waged.
